

Children Will Go Back To School

TRAINMEN LEARN RIGHT WAY TO LOSE RACES WITH STORK

VANCOUVER (CP) — CNR trainmen and conductors are being trained to lose races with the stork gracefully.

An obstetrician gave crews from the Vancouver depot an hour-long lecture on emergency childbirth last week.

Trainmen in Port Mann, Kamloops and Prince Rupert will receive similar lectures.

There are about three unexpected births a year on CNR lines in isolated areas of British Columbia.

Public "Fooled" By Payola Racket

WASHINGTON (AP) — The American public has been fooled and competition has been suppressed by nine companies that slipped payola to disc jockeys, the Federal Trade Commission charges.

In return for the payola, the FTC said Friday, the radio and TV disc jockeys gave the firms' recordings a good spin—sometimes playing the same record as often as 10 times a day.

Because these payments were concealed, the FTC said, the public was deceived into thinking that the records involved actually were among the most popular ones.

ADMITTS PAYMENTS — A spokesman for the Edward S. Barsky Company, a Philadelphia record distributing firm and one of the nine named by the FTC, made this comment: "Sure we paid disc jockeys. We met competition. Every company was involved in one way or another."

A number of the companies named was the huge Radio Corporation of America.

The television industry Friday amended its code of conduct to ban all rigged quiz shows, payola and deceptive advertising.

The television board of the National Association of Broadcasters said

Sam, the space monkey, came ashore today—alive, chipper and a honorary member of the destroyer crew that plucked him from the Atlantic after a 55-mile high rocket ride.

Sam and the capsule in which he took his spin arrived at this port city aboard a destroyer.

The destroyer had fished Sam and the capsule from 12-foot-high waves three hours after they were zoomed aloft by a rocket from Wallops Island, Va., Friday.

This was Sam's dizzying odyssey from that point:

His space capsule, the kind future space men will ride in their first attempts to orbit the earth, soared to a height of 19 miles.

SMOOTH ESCAPE — There an escape rocket ignited, blasted loose from the main booster rocket and carried the capsule on up to a height of 55 miles.

Testing this escape mechanism—a key safety device for future astronauts—was the main purpose of Sam's journey. It worked perfectly.

For a few seconds the seven-pound monkey, in his foam-cushioned cradle, was travelling at 3,600 miles an hour. The pressure and strain was enormous compared to sea-level conditions.

Then Sam tumbled earthward in the capsule. At 20,000 feet the main parachute blossomed and slowed the capsule into the Atlantic 200 miles east of Wallops Island. It had taken just 13 minutes from takeoff.

Ike Talks With Italian Leaders — ROME (CP) — President Eisenhower talked for two hours with Italian government leaders today before breaking off for lunch at a 450-year-old villa.

He scheduled another meeting with Premier Gronchi later in the afternoon to carry on talks started Friday night. A communiqué on the talks was expected tonight.

Walt "til Santy comes," replied detective Pardo.

In another incident, what appeared to be a Harlem housewife coyly dropped a coin in Santa's hand and held out her hand for a lollipop. Egan shifted his chattering bell and his helpers moved in.

The housewife turned out to be something of a masquerader—not a housewife at all but rather Fred (Benut) Cotton, 35, in woman's attire complete with lady's shoes and girle. Grosso and Pardo said they found 30 packets of heroin on him.

Santa's Helpers — Always near Santa were his helpers—two down-and-out loafers. When Santa spotted a familiar face in the crowd, he would shift his bell from one hand to the other. The loafers would saunter over, discreetly separate the face from the crowd, and search him.

Sometimes they found that the suspect's holiday cheer stemmed from the dope in his pocket—in which case the suspect was told the facts of life: this was not the real Santa Claus at all but just a play-like Santa, namely narcotics squad detective Edward Egan.

The helpers were detectives Richard Pardo and Salvatore Grosso.

Friday, as Pardo and Grosso closed in on Kathleen Johnson, 27, the woman dropped 10 envelopes, each containing enough heroin for one injection. Pardo and Grosso pretended to overlook the envelopes, but Santa Claus mindfully picked them up.

At a police station, the woman demanded: "What are you pulling me in for? You haven't got any evidence!"

Sommerfeld Assured Reasonable Protection

The two children of Mr. and Mrs. Richard Sommerfeld, 816 Wardlaw Avenue, will return to their classrooms on Monday.

The youngsters, Erwin, 14, and Gudrun, 8, have been away from school for three weeks.

The couple refused to send their children to school until they have been assured that necessary safety precautions will be taken for their protection while going to and from school.

Protest was lodged with Premier W. A. C. Bennett; Attorney General Robert Bonner, department of education, school board and city council following the death of their five-year-old daughter, Hilda last April.

Mr. Sommerfeld said this morning that he had received reasonable assurance that necessary safety precautions would be taken, and that a pathway would be constructed on Richter Street, south of the city limits.

The case attracted nation-wide attention. Erwin attends junior high school, and Gudrun, Raymer Avenue elementary school.

Government officials, school board and city council have all expressed sympathy to the Sommerfeld family.

"PENALIZING THEM" — Latest communication in connection with the case came from J. F. K. English, deputy minister of education. It was in reply to an earlier letter sent by Mrs. Sommerfeld.

Mr. English expressed his sympathy, but added: "... I am certain that if your husband has already protested to the Honorable the Premier and to the Attorney General, as well as members of the city council and school board, that these officials will do everything in their power to see that the proper steps are taken to prevent future speeding inside the safety zones."

"I note from your postscript that in answer to your protests, the city and government appear to have taken some action to prevent speeding on Richter Street. I trust that this is just the first step in the right direction."

"In the meantime, I would suggest that you send your other two children back to school, because you are only penalizing them by keeping them at home."

Mr. Sommerfeld told The Daily Courier that he is encouraged over the steps that have been taken so far to assure safety of children.

WILL DRIVE CHILDREN — Until a pathway is constructed, he plans driving his young boy to junior high in the morning, while the school board is making arrangements for taking the children home in the afternoon.

Mr. Sommerfeld also remarked that he has noticed the RCMP patrolling the district, and that motorists are not "speeding down Richter Street the way they used to."

The city council has also assured him, he said, that the sidewalk will be built as soon as possible. The city is currently negotiating with the provincial government to defray part of the cost.

Although Mr. Sommerfeld faced the possibility of being fined for every day the children were out of school, the department of education and local school board took no action, knowing that eventually the youngsters would return to their classrooms.

CANTON, Ohio (AP) — Because of his part in an auto drag race which killed three persons, 26-year-old Ellis Patterson faces a life sentence for second-degree murder. The judge said it was the first murder conviction in Ohio resulting from a traffic fatality.

city business houses have been targets recently of a series of break-ins.

A thief who broke into East Kelowna elementary school late Thursday night, showed signs of hunger.

A spokesman for the school told The Daily Courier that two cases of canned soup and several tins of milk were stolen from the school canteen.

He also said a watch and a record player were stolen.

RCMP are investigating.

Interior Builders Market Ltd., on Vernon Road, was broken into Friday night but the culprits were foiled when they could not force the door of the main office.

Entry was gained by forcing a basement window.

MAN DETAINED — RCMP reported this morning they have detained a young man who broke into the Kelowna Junior high school last night. Nothing was taken.

Kelowna district schools and

French Flood Toll Mounts — FREJUS, France (Reuters) — Scores more dead were recovered today and new communal graves were opened to claim them as an urgent government inquiry began into the flood disaster that laid waste this Riviera town.

The second mass burial in two days was due later today.

It followed an official announcement that 257 bodies have been recovered so far from the mud and wrecked buildings of this once-pretty town.

TOLL GROWING — Semi-official estimates said more than 200 persons were still missing. It was predicted Friday night that the death toll would be about 500. Many of the dead may never be found, as their bodies have been swept out to

MASS BURIAL — While 3,000 mourners watched, 135 simple wooden coffins, bearing only the names of the victims scrawled hastily in chalk or paint, were lowered into three communal graves Friday. Trucks rumbled in bearing more bodies as the funeral went on.

The victims included one entire large family—a father, mother and nine children.

Of the bodies recovered so far, more than 50 were children.

The new fissure appeared to be about 50 feet wide and was emitting vapor, the director of the Volcanological Institute here said.

Weather conditions prevented experts from climbing to the spot.

Hungarian Problem Before UN Monday — UNITED NATIONS, N.Y. (AP) — The UN announced today the General Assembly will meet at 3 p.m. EST Monday to debate question of Hungary.

Sir Leslie Munro of New Zealand, UN special representative on the question, will present a report in which he speaks of "the executions" of anti-Communists.

The debate is expected to run through Tuesday.

CAT NIPPED—The machine paw stray into a tenderizing machine in a New York butcher shop. Police, an SPCA agent and what tools were at hand took half an hour to release a yowling Gloria. — (AP Wirephoto.)

Ottawa and Victoria Unite On Benefits Of Columbia

VICTORIA (CP) — Federal and provincial cabinet ministers Friday ended closed-door talks here on proposed Columbia River power development, agreeing to present a united front on Canada's position in coming negotiations with the United States on downstream benefits.

"We agreed on where we are going and we have a united front to present to the United States," said one provincial official.

But he added: "We will be lucky if an international agreement on downstream benefits is reached by next spring."

External Affairs Minister Green told reporters after the "very fruitful" meeting that although actual shovel work might not start next year, the "big and lengthy" engineering phase of the gigantic project might begin in 1960.

Provincial Lands and Forests Minister Ray Williston said the one-day meeting had produced "unanimity and a good working relationship."

Besides Mr. Green and Mr. Williston, the policy liaison committee included federal Resources Minister Alvin Hamilton

and Attorney-General Robert Bonner of B.C.

The two federal cabinet ministers left for Vancouver by air Friday night and are scheduled to return to Ottawa Sunday.

While the liaison committee met, Premier Bennett told reporters at a press conference he was eager for work to begin on both the Columbia project, which Mr. Green said will be a public enterprise, and the \$611,000,000 Peace River power project, to be developed privately in northeastern British Columbia by Wenner-Green interests.

BETTER DEAL — Earlier, Mr. Green told reporters the Columbia project, although it perhaps may cost more than \$1,000,000,000, will be "a better deal for B.C. than development of the Peace."

Power from the Columbia system is expected to be delivered in B.C. at the rate of four mills a kilowatt hour while electricity from the Peace River project may cost an estimated five or six mills per kilowatt hour delivered to the B.C. lower mainland.

The committee expects early receipt of the report of the International Joint Commission and Mr. Green said he hopes to see it submitted "within the next few weeks."

Before actual construction on the project can begin, agreement must be reached on the choice of three main development plans submitted by engineers and the extent to which Canada should receive benefits from U.S. downstream development.

Under the CPR tax - deduction proposal the amount would be exactly half that—\$31,500,000 a year—at the present 50-per-cent corporation tax deduction.

SPLIT ON METHOD — But they split apart today on the question of how the proposed government assistance would be paid to the railways. The CPR wants an income tax credit; the CNR wants a straight payment.

Mr. Gordon said the CNR's "an would involve about \$63,000,000 a year in federal assistance—\$35,000,000 to the CPR and \$28,000,000 to the CNR."

Under the CPR tax - deduction proposal the amount would be exactly half that—\$31,500,000 a year—at the present 50-per-cent corporation tax deduction.

Under the CPR tax - deduction proposal the amount would be exactly half that—\$31,500,000 a year—at the present 50-per-cent corporation tax deduction.

All Persons On Missing Plane Safe

VAL D'OR, Que. (CP) — A plane missing since Friday night was found today about 80 miles east of Val d'Or and all seven persons aboard were believed safe.

One of those aboard was Mrs. Jacques Miquelon, wife of Quebec's solicitor-general.

RCAC officers said the plane was seen about 50 miles north of Senneterre, in the rugged bush country of northwestern Quebec. They said persons were seen walking about the plane.

The control tower at the Val d'Or airport locked further details immediately and did not specify the exact number of persons seen walking around the plane.

The tower said an RCAC plane would be sent out to pick up the downed plane's occupants.

The committee expects early receipt of the report of the International Joint Commission and Mr. Green said he hopes to see it submitted "within the next few weeks."

Before actual construction on the project can begin, agreement must be reached on the choice of three main development plans submitted by engineers and the extent to which Canada should receive benefits from U.S. downstream development.

"Bonus-Card" Scheme To Be Probed By A-G

VANCOUVER (CP) — Attorney-General Robert Bonner said Friday night he has ordered an investigation of a "bonus - card game" being operated by a British Columbia food store chain as buying incentive.

He said the investigation follows complaints from a consumer group.

H. C. Boulton, secretary-manager of the Retail Merchants' Association, said he has received numerous calls since the scheme started two days ago asking that the association try to put a stop to it. The complaints came from both large and small retail stores and consumer groups.

Mr. Boulton said his organization has asked the attorney-general to draw up legislation "banning all such forms of gimmick promotion."

Moscow Radio Criticizes PM

LONDON (AP) — Moscow Radio criticized Canada's Prime Minister Diefenbaker today for a recent speech in which he "hinted" that the West should await some concession from the Soviet Union.

In an English-Language broadcast to North America, Moscow Radio said Diefenbaker was "a man who takes a realistic attitude." But regarding a recent speech he made in Ottawa to a meeting of Progressive Conservative women, the broadcast said: "One cannot agree with Mr. Diefenbaker's contention — which is also that of some other Western spokesmen — that the further improvement in the international climate depends only on what position is taken by the Soviet Union."

Songs and hymns broadcast from a loudspeaker on top of the cathedral "were definitely unnecessary," the teacher testified.

But magistrate Taylor decided no one had proved that Mr. Wilson was the person responsible for the church's actions.

Donald Lowe, a high school teacher and a qualified musician, testified that he had heard the church's actions.

Coal Miners Buried Alive

OVIEDO, Spain (AP) — Twelve coal miners were buried alive today in the San Antonio pit, 10 miles from here, when it was flooded by the swollen Caudal River.

The mine pumps were unable to cope with the river water entering the mine and the miners were unable to get out in time after the alarm was given.

Rescue workers held out little hope of saving the 12.

LOLLIPOPS WERE HIS BAIT

NEW YORK (AP) — Santa Claus has his eye on bad boys and girls, and he isn't waiting for Christmas Eve to leave sticks and stones in their stockings.

Already Santa has helped arrest 24 narcotics suspects.

A rather tired and frowny Santa stood on Harlem Street corner during the last two weeks, dangling his bell and singing Rudolph the Red-Nosed Reindeer.

In his pockets he carried lollipops. In his hand he rattled a container for coins. In his head he carried a photo-and-data file on drug traffickers.

Santa's Helpers — Always near Santa were his helpers—two down-and-out loafers. When Santa spotted a familiar face in the crowd, he would shift his bell from one hand to the other. The loafers would saunter over, discreetly separate the face from the crowd, and search him.

Sometimes they found that the suspect's holiday cheer stemmed from the dope in his pocket—in which case the suspect was told the facts of life: this was not the real Santa Claus at all but just a play-like Santa, namely narcotics squad detective Edward Egan.

The helpers were detectives Richard Pardo and Salvatore Grosso.

Friday, as Pardo and Grosso closed in on Kathleen Johnson, 27, the woman dropped 10 envelopes, each containing enough heroin for one injection. Pardo and Grosso pretended to overlook the envelopes, but Santa Claus mindfully picked them up.

At a police station, the woman demanded: "What are you pulling me in for? You haven't got any evidence!"

Life Rich In Experience For Vernon Woman, 89

By IVE HAYDEN
Daily Courier Staff Writer

VERNON—Sir Winston Churchill, a Hollywood producer, the captain of the "Titanic" and a parrot named Joe have enriched the life of Mrs. Sara Newton.

Christmas Day, Mrs. Newton will mark her 89th birthday.

And a few of those who know her would be surprised if the occasion inspired her to write her memoirs.

In fact, "Why don't you write an autobiography?" is a question she is asked frequently.

WAR POEM

Mrs. Newton has written numerous poems, and has had three collections published by a London firm and many others printed here and overseas. An extract from a poem of hers in the London Times at the beginning of the last war was used by Sir Winston Churchill in one of his famous speeches.

"This was the last verse of her war poem, 'Fight, Fight, Fight':
"We will fight, fight, fight
Till all our thumbs are up.
We will not quit or fail,
With courage we go on
And ask no reward
But to live under British sun."

For Mrs. Newton, poetry is a matter of sudden inspiration. She says that all her writing is the result of a special sight or occasion, recorded soon afterward. She usually draws on beauty and humor for a theme.

Mrs. Newton has often written to Sir Winston and has received warm wishes from the great man. He is acquainted also with Mrs. Newton's brother, Arthur Vernon, who engineered London's first underground railway. At 86 he is still active, and supervises the work of 32 electrical engineers.

Mrs. Newton has crossed the Atlantic seven times, making her last trip in 1948. Her first voyage with her husband, Jim, was in 1904, and the Newtons, accompanied by their parrot Joe, were en route to Canada. They were passengers aboard the Majestic, and their ship's captain was Edward J. Smith, who later became master of the ill-fated Titanic.

Captain Smith told the Newtons he wanted Joe, and they could have their price, but Mrs. Newton gave him a firm refusal.

ESCAPED SINKING

Ironically, during a trip to England, the Newtons booked passage on the Titanic for her maiden voyage. However, they decided to prolong their London visit and were safe when the "unsinkable" ship went down, claiming the lives of at least 1,500 passengers.

Contrastingly, the escape from real disaster is part of the pattern of Mrs. Newton's history, but so is an event that could have taken her to the mecca of the artificial—Hollywood.

Some time ago a motion picture producer asked her permission to use one of her songs. Mrs. Newton staunchly opposed the transaction even though royalties would have been considerable, because the filmmaker wanted to change the music she had written.

FOR NAMESAKE

Mrs. Newton is a native of Derbyshire, England. When she and her husband arrived in Sicamous, they saw a sign inscribed "Vernon." They chose this community because Vernon was Mrs. Newton's maiden name.

The Newtons, and Joe, settled in nearby Oyama, a place that now holds some of Mrs. Newton's fondest memories. During their more than 36 years of residence there, Mrs. Newton spent many afternoons cultivating her garden, Joe on her shoulder, or assisting with weed pulling. Their work stopped every afternoon at four o'clock when Joe announced, "It's time for tea." One day, however, Mrs. Newton didn't put

MRS. SARA NEWTON

the kettle on at Joe's command; she had seen an unusually beautiful mist formation on Woody Lake, and felt she must give her pleasure immediate expression. This work became one of her favorite poems.

For a while, the Newtons lived at High River, Alta., where Mrs. Newton once sewed 200 sheets to earn \$25. This task was accomplished in one month.

FORMED WA
Back in Oyama, Mrs. Newton established the first Women's Auxiliary to the Anglican church in that community, and was assisted when 40 women attended the first meeting.

Mrs. Newton was in Oyama in 1908 when the first white child was born there. His name, she recalls, was Johnny Young. Second place honors were shared by twins, Leon and Lorne Irvine, well-known Vernon residents. Their sister, Barbara, started the first school in Oyama.

Meanwhile, Mrs. Newton's husband, in partnership with some other residents, built a packing house. Mr. Newton was considered a major investor since he had contributed \$100 toward the project. The enterprise was short-lived, as the building burned to the ground soon after it was finished.

In 1912, the couple were proud owners of the first motorcar in the district, a model T Ford.

Around that time, Mrs. Newton was winning prizes at the Kelowna fair. Her unique method of molding butter was responsible, she believes. Before coming to Canada, she had often watched her husband's cousin prepare butter on the Duke of Portland's estate. The butter was poured into an ornate mold, and emerged indented with rose and thistle shapes. Mrs. Newton sent for a replica, and won the fair's \$5 prize three years in a row. When she sold the product, she received a penny more than the going rate.

LOOKS BELIE AGE

At 89, slight and pretty, Mrs. Newton appears years younger than her actual age. She admits her memory is as retentive as ever, and although she was seriously ill last year and lost her sight, she has regained it somewhat. Mrs. Newton likes to go out, and one of the events she's looking forward to most is Rotary's annual Christmas banquet for senior citizens.

Mrs. Newton is proud that she

CHILDREN TO BE TREATED TO SHOW

VERNON (Staff)—Fifty children who might otherwise miss "Princess Crystal and the Snow Dragon," will see Vernon Little Theatre's third annual Christmas production.

The youngsters, charges of the Children's Aid Society, will be the guests of two local business firms.

Their hostesses are Wynne Maxwell's Beauty Salon and Block's Apparel.

"Princess Crystal and the Snow Dragon" will be presented in Vernon Dec. 10, 11, and 12, and in Kelowna, Dec. 14, 15 and 16.

Atlee Blames U.S. Reporter For Statements

LONDON (AP)—Earl Atlee said on his return from the United States today that a "dirty dog" reporter led him into criticizing President Eisenhower.

"He was just a dirty dog. He got me to say first of all that I thought that generals don't make good presidents. Then he asked me whether I thought like was a great strategist and then I said: 'No, I didn't think he was.'"

Atlee had been quoted in Denver last month as saying he regarded Eisenhower as somewhat second rate as a soldier and not better as a statesman. He later said he was quoted out of context.

A woman applied for a divorce because her husband, an amateur poet, insisted on reading his poems to their guests. The divorce should be granted—the man is a sadist.

In Spring a tree more lovely than a poem ran here. But in the Fall an awful litterbug is she.

WORLD BRIEFS

PUT DOWN REBELLION

LASHIP, Burma (Reuters)—The Burmese Army has suppressed a rebellion that began two weeks ago in the northern Shan state, army sources said Friday. A local tribesman sought for opium smuggling and a commander of armed police had recruited support for the uprising by promising loot from the villages and towns.

MINISTER INJURED

THE HAGUE (AP)—Dutch Foreign Minister Joseph Luns slipped on the stairs of his home Friday night and suffered a brain concussion, a foreign ministry spokesman said. Doctors said he must rest a few weeks.

REBELS ASK VOTE

UNITED NATIONS, N.Y. (CP)—The Algerian rebels refused Friday to stop fighting until France guarantees them free elections on Algeria's future. Algerian representatives made the statement in a declaration here during the annual political committee debate on Algeria.

PULL OUT MISSION

WASHINGTON (AP)—The small U.S. military mission is being withdrawn from the Dominican Republic, the defence department disclosed Friday, following a decision by that Caribbean country to cut off the partial financial support it had been providing for several years. The mission comprises six officers and 10 men.

FILM CENTRE

OTTAWA (CP)—The Canadian Film Institute announced Friday it plans to organize a Canadian centre for children's films, in co-operation with 40 other national organizations, to catalogue children's entertainment films and organize their distribution.

ILL IN U.S.

BOSTON (CP)—Charles P. McTague, 69-year-old chairman of Canada's royal commission on transportation, Friday night was reported in "stable and good" condition in Peter Bent Brigham Hospital where he was admitted Dec. 2 as a cardiac patient.

Campgrounds Said Compatible With Motels

Claims that the provincial government's free campsites hurt the resort business, aren't valid in the Okanagan.

This is the opinion of T. R. Broadland of Kamloops, district parks officer of the department of recreation and conservation. There are almost 3,000 commercial camping units in the Okanagan, yet only 126 government-operated ones, he told The Daily Courier.

"There is good indication that the number of commercial units will increase because of the growing demand for such facilities," he stated. "Our department has often been criticized for 'competing' against auto courts. We of course don't believe this and have long argued that there is a growing demand for camping facilities and that we have been unable to keep up with it."

Now it appears that the department's claims are substantiated by the comparative figures, he maintained.

"It would appear that the Okanagan is attractive to campers and that the valley can benefit by the rapidly-increasing influx of this type of vacationer."

Private Funeral For George Young

Private funeral services were held here Friday for George Young who died Thursday at Resthaven Nursing Home.

Born in England, he had been in Canada for the past 37 years. He was steam engineer at Lethbridge before retiring to Kelowna 13 years ago.

His wife predeceased him in 1955. He is survived by a number of nieces and nephews in England.

Rev. C. A. Fredrick of the People's Mission officiated. Burial was in Kelowna Cemetery. Kelowna Funeral Directors were in charge.

PRAIRIE BRIEFS

TROOPS GROUNDED

CALGARY (CP)—More than 100 United Kingdom soldiers and airmen made an unscheduled stop here Friday when hydraulic trouble forced their four-engined turbo-prop aircraft to land. The plane was on the way to England from a Pacific base on Christmas Island.

COLLEGE EXTENDS

WINNIPEG (CP)—The Rt. Rev. Angus J. Macquenne, moderator of the United Church of Canada, consecrated the new arts and sciences building and library extension at United College Friday.

BUILDING SOLD

CALGARY (CP)—The 10-story Hudson's Bay Oil and Gas Company Limited building in downtown Calgary has been sold on a lease-back arrangement to a private trust company in New York. It was learned Friday. Cost of the deal was not disclosed.

BIG FARM LOSS

WINNIPEG (CP)—The Manitoba Federation of Agriculture said Friday there has been failure to recognize the seriousness of financial loss suffered by Western farmers unable to harvest crops this fall.

WALL COLLAPSES

CALGARY (CP)—Two workmen were killed Friday when a wall collapsed at the new Firststone Tire and Rubber Company plant here. They were identified as Alex Demco, 46, of Edmonton, and Fred Tarasof of Crescent Valley, B.C.

Persecution Victims May Claim Damages

OTTAWA (CP)—Canadian residents who suffered from Nazi persecution in Austria before and during the Second World War may be eligible for payments from a \$6,000,000 fund being set up by the Austrian government.

The external affairs department, in the office of Canada Gazette, said the fund will be established to settle claims of persons persecuted on political, racial or religious grounds between March 13, 1938, and May 8, 1945, by Nazi confiscation of bank accounts, securities, mortgages or money, or by being forced to pay certain discriminatory taxes.

Austria planned to enact legislation to allow payment of claims for losses to those who did not file a claim within the time limit set previously. Claims may be filed at the Austrian Embassy here or at consulates in Montreal, Calgary and Vancouver.

Other officers elected during the first meeting of the group held recently in the mezzanine room of the Memorial Arena were:

Mrs. H. H. Gale, first vice-president; Mrs. L. C. Gorbey, second vice-president; Mrs. J. R. Wilkinson, third vice-president; and fourth vice-president, Mrs. L. A. Hubbard.

Mrs. A. T. Stevenson, was elected secretary and Mrs. J. Edstrom treasurer.

"First project on the mothers' itinerary is the establishment of a better equipped kitchen," Mrs. Schuman told The Daily Courier.

CHICKEN IN A HUG
"We are now serving hot dogs and chicken in a mug," said Mrs. Schuman. "But the existing facilities are not enough."

The mothers' auxiliary will be an important addition to the club, mainly in raising funds. The Kelowna Boys Club now has a membership of 151 boys and is operating on a full time basis.

Meetings of the Mothers' Auxiliary will be held every second Tuesday of each month in the mezzanine room of the Memorial Arena at 8 p.m.

All mothers are welcome.

Private Funeral For George Young

Private funeral services were held here Friday for George Young who died Thursday at Resthaven Nursing Home.

Born in England, he had been in Canada for the past 37 years. He was steam engineer at Lethbridge before retiring to Kelowna 13 years ago.

His wife predeceased him in 1955. He is survived by a number of nieces and nephews in England.

Rev. C. A. Fredrick of the People's Mission officiated. Burial was in Kelowna Cemetery. Kelowna Funeral Directors were in charge.

In many a case a person confesses to have strolled down the primrose path in order to have days about "casual living," but an opportunity to boast.

PRELUDE TO CHRISTMAS With the approach of the festive season, Vernon's fire brig-

ade is erecting models of Santa and his reindeer over street intersections. Here Frank Leek

hands replica of Old St. Nick to deputy chief William Gray. Sled and reindeer stand by in

background. (Photo Courier's Vernon Bureau).

Lawyer Claims Cook Innocent Of Crime

RED DEER, Alta. (CP)—Counsel for Robert Raymond Cook, charged with the murder of his father, told a court here Friday that he proposes to prove that Cook could not have committed the crime.

Detence counsel Gifford Main of Edmonton said he will call witnesses to show that, because of the time elements involved, Cook could not have been at the scene when his father, step-

mother and their five children were beaten and shot to death. The seven bodies were found, clad in night clothes, in a makeshift grease pit behind the Cook home in Stettler, Alta.

Mr. Main outlined his case after J. H. Anderson, acting for the attorney - general, told Mr. Justice Peter Grechuk he had completed his case.

Mr. Anderson called his last three witnesses during the afternoon session. One witness said she knew the Cook family had listed their house for sale and had planned to set up a garage business outside Stettler.

Her testimony coincided with a statement made by Cook when he was charged, read by an RCMP officer during the trial.

Claims Export Of Gas Will Boost Price

TORONTO (CP)—Export of natural gas to the United States will boost the price of gas in Ontario unless something is done about it now, R. B. Craddock, vice-president of the Northern Ontario Natural Gas Company, said Friday.

Mr. Craddock said in an interview exports to the U.S. will increase the demand for Canadian gas and this in turn will raise the wellhead prices in Alberta. This could eventually lead to an increase in price for Ontario consumers.

Mr. Craddock said his company intends to intervene in the application by four pipeline companies for permission to export gas to the U.S. The application is to be heard by the national energy board in Ottawa early next month.

A. R. Crozier, chairman of the Ontario fuel board, said Mr. Craddock's reasoning was correct but there was another side to the question.

"It is true that export of Alberta gas to the United States could lead to a raise in wellhead prices," he said, "but it could also lead to a decrease in transmission prices."

Duncan Urges Recognition Of Red China

CLEVELAND (CP)—James S. Duncan, chairman of the Ontario hydro - electric power commission, today called upon the United States to embark on a policy of rapprochement with Red China.

"The formidable reality of Red China cannot be indefinitely ignored," he said.

Addressing the City Club here, Duncan, who stressed that he was speaking as a private citizen, said such a policy would carry no immediate recognition of Red China but would show "acknowledgment and respect for China's position as a great world power."

"There are many who feel strongly that the non-recognition of China by the United States and Canada in 1949 was unrealistic and regrettable," he said, "I share that point of view."

VERNON BRIEFS

VERNON (Staff)—Miss Violet Morphet and Jack Wilson were elected to fill two vacancies on the executive of Vernon's Recreation Commission. This is Mr. Wilson's second term of office.

A year remains in the terms of chairman Jim Holt, Dr. E. M. Stevenson and David Howrie, Jr. The Yacht Club has offered its club premises to the recreation commission for their next meeting. The invitation was extended by representative Fred August.

Progress at the Yacht Club nowadays is highlighted by construction of an arm on the breakwater to afford more protection for boats. Aid. August announced.

Vernon and District Riding Club will hold its eighteenth annual Boxing Day dance this year in the Coldstream Women's Institute Hall.

This winter, members will burn a property mortgage for land purchase six years ago.

Girls like diamonds . . . little girls, apparently, prefer baseball to the hard rocks. Teams for girls' seven to ten and ten to twelve years old will be organized when the baseball season opens next spring.

RADIO MEN MEET

EDMONTON (CP)—Representatives of 25 Alberta radio stations gathered here Friday for the annual meeting of the Alberta section of the Western Association of Broadcasters.

The junior boys league represented a highly successful year. We always seem to end up with more money than we started with.

Silver Star, with its new Poma lift, is receiving wide publicity. The Vernon Board of Trade has distributed pamphlets, and so has the provincial government, it was reported.

ON THE STREET

By W. BEAVER-JONES

IT WAS THE DAY BEFORE payday, and several of the editorial types were sitting around counting their pennies and figuring out how they could raise sufficient money for a round of... ah soft drinks. The conversation drifted to why majority of people are invariably flat broke two or three days before The Ghost walks.

AL CAMPBELL CAME up with a brilliant suggestion of placing an ad in The Courier along these lines: "Young man who gets paid every other Friday, would like to meet another young man who gets paid every other alternative Friday. Object—to arrange small loans."

AND SPEAKING OF money, LESLIE HOLMES said she received word from Nelson that her wallet has finally turned up after being missing for two years. LES explained that she was working in the office of an Anglican church in Nelson, when a young man entered the room. Her coat was lying over the back of a chair in which the young lad sat. After obtaining the necessary information, regarding a church meeting, or something, he left. About an hour later LES discovered the young punk had neatly withdrawn her wallet from the coat pocket. It contained \$15.00, and HOLMES was fit to be tied. Last week, said wallet was found by a piano tuner in the back of the instrument in the UNITED CHURCH hall in Nelson. All personal papers were intact, but of course the \$15.00 was missing.

THAT STORY STARTED CAMPBELL going again. Before entering the newspaper field, AL worked in a logging camp. And the same as in any other business, jokes were always being pulled on the junior. The crew foreman told CAMPBELL to return to camp and bring him a Hindoo—a heavy piece of equipment used by woodsmen. Now it happens that there was a REAL HINDU, who couldn't speak a word of English, working as a dish washer (or pearl diver). Being young and ambitious—and ever-willing to carry out instructions, CAMPBELL trudged through the bush for two miles and convinced the Hindu that the crew foreman wanted him. He still chuckles over arriving back at the log-cutting site, dragging the dish washer by the hand, complete with turban and all. AL didn't say how long he lasted in the logging business, but we believe it was brief.

OF INTEREST TO KELOWNIANS... Tommy White, well known in the horsey circles, is now at Williams Lake, and will shortly be going into partnership in an accounting firm. Understand he likes the Cariboo country and is currently playing for the Williams Lake hockey team. Loop comprises nearby towns of Quesnel and Prince George.

THERE'S TWO LOCAL banks which don't like to talk about this one. It's one of those practical jokes again. A junior clerk in Bank A was told to go to Bank B and pick up the latter's general ledger—a book zealously guarded by every banking institution. The junior in Bank A went to the junior in Bank B, requested the ledger—and got same. There were a lot of red faces, but we understand that the accounting department in Bank A swore up and down on a pile of books that they never peeked into the ledger for one wee second. It was quickly rushed back to Bank B. Don't think the managers of the respective banks ever did find out. Otherwise a few heads would have fallen.

UNDERSTAND PRIDHAM ESTATE residents have promised the post office they will abide by the rules—namely keep fido tied up; insert letter slots in their doors; clean the walks at regular intervals, etc. Result they will start getting door-to-door mail delivery Monday.

A LARGE RETAIL GROCERY chain, with head office in Vancouver, has notified GIFFORD THOMSON that the company will handle local dairy products exclusively in Okanagan stores. A wire to this effect was received yesterday. MR. THOMSON had complained on behalf of the valley industry over milk being imported from coastal areas to the Okanagan. "Every dollar produced here turns over six times," remarked GIFFORD. "We've got an industry, so let's keep it."

RECEIVED A LETTER the other day from A. L. McLellan, director of Medical Services Association, re our comments on physiotherapy not being covered under the medical health plan. MR. McLELLAN WRITES:

"I am glad that you are taking an interest in MSA. I think however, that you should be aware that the Physicians and Surgeons' Service Contract operated by MSA provides only for the services of physicians and surgeons and does not attempt to provide for the services of the other members of the healing art."

"Physiotherapy is not a service which is ordinarily provided by a physician. This does not mean, in any way, we do not appreciate their services and we recognize their particular value in many cases. Such services as physiotherapy, drugs, orthopedics, nurses, etc., are not included in the contract. Some of them are provided for by other agencies which supplement the MSA service contract."

"It has always been our position that when such services are desired by pre-payment, those who render the service would need to provide a suitable vehicle for this purpose."

"I understand the dentists are now becoming interested in a plan for pre-payment of dental services."

STILL CAN'T GET it through my thick skull that X-rays are covered by MSA, so why not physiotherapy?

WELL, OUR EXCLUSIVE on Kelowna being site of Russian exhibition game stood up. A prediction: There'll be a lot of sour grapes from other Okanagan points. Don't blame MEL BUTLER, Leo (The tiger) ATTWELL made the announcement!

City Man Passes Examinations For Obedience Trial Judge

By spring Kelowna will have a licensed judge for dog obedience trials living here.

Ben Gant has just returned from Vancouver, where he passed the oral and written examinations of the Canadian Kennel Club with a mark of 90.3 per cent.

These results are sent to Toronto for approval, and in February or March, Mr. Gant will return to Vancouver for the practical part of the examination, which means he will judge in trials along with three licensed judges and will be marked in relation to their decisions.

He will then be a recognized judge in all four divisions of the trials—companion dog, companion dog excellent, utility dog and tracking dog.

These trials are not to test the ability of the dog to learn tricks, but to judge the ability to absorb lessons to become a useful citizen of the dog world.

It is a progressive training from the first degree of "CD" up to the fourth one of "TD".

In district court five persons were fined and had their driver's licences endorsed when they were caught speeding during a radar check.

William James Allen, was fined \$15 and costs, Charles Ewart Stuart, \$25 and costs, Robert James Brooks \$25 and costs, Kenneth Greenough \$20 and costs.

THREE MEMBERS of the G. L. (Grant Laphorne) singers, left, Norm Hurlitt, 16, Heather Dewar, 15, and Ken Fletcher, 17, who were guests of the Kelowna Junior High School Band Association appearing at the band's first concert. The singers from South Burnaby High School, had several engagements in the Okanagan and ended their four-day visit to the Valley Friday. The Kelowna Junior High School held a dance for the visitors after the concert in the high school auditorium—(Courier staff photo).

Few Tickets Left For Opera Tonight

Tickets were nearing sell-out this morning for the performance of the company, a self-contained unit, includes some of the best-known names on the Canadian opera scene.

The cast includes John McCollum, Patricia Snell, Alexander Gray, Murray Kenig and Andrew MacMillan.

Kenig and another member of the cast, Ernest Adams, are from Vancouver.

Star of the troupe is bass-baritone, Jan Rubes in the role of Basilio.

The production, to be sung entirely in English, is staged by Herman Geiger-Torrel and supervised musically by Ernesto Barbinini with Dr. George Brough as pianist-conductor.

The performance is sponsored here by the Rotary Club.

Certain time is 8:15 p.m. at the high school auditorium.

Of the total of 588 seats in the auditorium, only 95 tickets remained unsold this morning. A limited number of cushions will be available at the auditorium.

This will be the first appearance in Kelowna of the Canadian Opera Company, the only established opera group in the country to have the support of the Canadian Arts Council.

The performance is sponsored here by the Rotary Club.

Tourist Group Seeks Moon In Liquor Law Reforms

The Vancouver Tourist Association in a brief to be presented to the provincial government will ask for widespread changes in the British Columbia liquor laws. Some of the proposed changes deserve serious consideration; some scant attention.

One of the proposals is the sale of beer and wine in grocery stores. This is a reasonable proposal, the practice being in vogue in some provinces and states and would appear generally to work rather well. There is no evidence that it increases consumption of alcoholic beverages.

The brief will ask for the ending of the closing of liquor stores on election days. Is there really any point to this request? The present law is there to prevent "treating" on election days. The closing of the bars—until the closing of the polls at least—causes little inconvenience and is infrequent enough to not become a nuisance.

It is reported, too, that the association will ask for "standup" bars where patrons stand while drinking. It is difficult to understand why this should be a point to concern the association. One can't imagine it affecting the tourist business one iota. The government should ignore this one.

The association is on stronger ground when it requests the elimination of the 6:30 to 7:30 closure of beer parlors. Certainly from the tourist point of view there is good reason to complain. Under the present regulation the outlets are closed at exactly the same time the average tourists would like a drink before dinner. It must be an annoying regulation for tourists. Coupled with this the association might include the completely silly

regulation which prevents a drink being served in a bar on a train while the train is standing still.

The association is completely right in suggesting that hotel guests should be able to order drinks in their rooms. Certainly the cocktail lounges have reduced the room drinking by a very substantial degree. One local man, for instance, reports that he brought back from a trip to the east the same home. On trains the bar was used; in hotels unopened bottle he carried when he left the cocktail lounges were used. However, it must be admitted that there are occasions when drinking in a room is preferable to a cocktail lounge. Under present conditions this means a bottle—to be finished. Were guests able to order drinks in rooms, there would be no necessity for a bottle and the drinking would stop at a couple.

This newspaper, however, thinks the association is well off the track when it suggests that the beer parlors and cocktail lounges should be open on Sunday. This we cannot see at all and do not believe that such a move would help the tourist industry in the slightest. The inclusion of this suggestion weakens the whole brief of the association. There is not the slightest chance of it being adopted and not the slightest reason why it should be.

The association would have been on stronger ground had it confined its requests to feasible and reasonably logical things. The only reason the Sunday opening is included must be the union tactics of asking for the moon in the hope of getting other things.

Not Mind Readers

Not until "D-Day" (Disney-day) arrives, when all motor traffic is guided electronically within a plastic traffic-tube and drivers have no decisions to make after they pre-set their routes, will the menace of the non-signalling driver disappear. Until that Utopian era, every vehicle driver must be constantly aware of the fact that his mind is not an open book and other drivers have only one way of knowing what he intends to do. That one way, of course, is his signals.

Left-hand turns, right-hand turns, stops, lane-jumps, many other motorist movements can be safely made only when the rest of the drivers and pedestrians know they are com-

ing. Some drivers simply can't be bothered signalling. Why, they ask, should they go out of their way to tell others what they're going to do? The answer is simple: if they don't, the others might crash into them.

Police have found that a frighteningly large number of drivers do not realize that signals are protection, not only for the rest of traffic but for themselves. No motorist is a mind-reader, cautions the Canadian Highway Safety Council, and urges every motorist to make clear to everybody his intended movements in traffic, particularly during Safe-Driving Week 1959, Dec. 1 to 7 inclusive.

CROSS-COUNTRY SURVEY

Canada's Appeal Funds Will Raise More Money In 1960

By ROY LABERGE
Canadian Press Staff Writer
OTTAWA (CP)—Some campaigns are unfinished and others are pending but indications are Canada's United Funds and Community Chests may raise about \$29,200,000 for 1960 operations of voluntary health and welfare agencies.

That's the word today from Canadian Welfare Council officials, based on reports to its community funds and councils division, national organization of the local campaigns.

This figure would be 6.5 per cent higher than the \$27,350,000 raised for the current year but only about 97 per cent of the \$30,200,000 total objective for 1960. Officials say the current campaign stands well in relation to previous years, reflecting an upturn in the economy. Campaigns for 1959 budgets reached 96 per cent of their \$28,400,000 goal.

LATE RETURNS

Final figures for all 104 funds and chests won't be available until spring. Some fall campaigns, while officially over, are still picking up late returns. About 10 communities hold their drives in late winter or early spring.

Biggest drive is Toronto's United Appeal, which is within \$121,000 of its \$3,187,000 target. Officials here say Toronto has a good chance of going over the top.

Kelowna fell only a few hun-

dred dollars short of reaching its \$25,500 objective. Percentage-wise, the figure amounted to 99.04 per cent.

Saskatoon's was described here as the outstanding fall campaign. It raised \$307,756, exceeding its target by \$20,756, and more than doubling the \$137,000 raised the previous year. Main reason for the jump was expansion of its Community Chest this year into a United Fund.

The difference between the two is that while the Community Chests raise money solely for local agencies, the United Funds include in their membership national health and welfare organizations such as the Canadian Red Cross Society, Salvation Army, Canadian National Institute, Canadian Mental Health Association and Canadian Cancer Society.

Since 1957, when Canada's first funds were organized in Toronto, Hamilton, London, Ont., and Sault Ste. Marie, Ont., their number has grown to 48.

Campaign interest this year was stimulated by competitions between cities, based on percentage of goal achieved by a certain date.

Kamloops, B.C., won a shipment of salmon from Nanaimo, B.C., and Ottawa won 100 pounds of herring from Halifax. Sarnia beat out Chatham in a race between the two Ontario cities.

Vancouver won a fund-raising battle from Winnipeg. The losing campaign chairman, H. J. Merriess, paid off by wheeling Vancouver chairman Fred J. Caine around the field at half-time during a Western interprovincial Football Union game between B.C. Lions and The Blue Bombers at Winnipeg.

When Vancouver's campaign ended Nov. 21 it had \$2,751,000 or about 90 per cent of its \$3,121,000 goal and was not expected to pick up much more. The previous year it made \$2,593,000 of a \$2,908,000 goal.

PASSED TARGETS
Communities that achieved or exceeded their targets include Moncton, N. B., Truro, N. S., Sault Ste. Marie, B. Brantford, Chatham, Peterborough and Ottawa in Ontario; Saskatoon; and Mission City and Kamloops in British Columbia.

This fall's was the first united campaign in Kamloops which was within \$244 of its \$25,500 quota. Other centres with first-year drives were Cape Breton and Sydney in Nova Scotia, which joined in a single campaign, and Valleyfield, Que.

And officials any interest has been shown in united campaigns next year by Neepawa and Killarney in Manitoba, Smooth Rock Falls in Northern Ontario and Val d'Or, Rouyn and Noranda in Quebec.

THE PROBLEM OF EATING OUR CAKE AND HAVING IT TOO

British Press Cool Towards Labor's Stand on Africa

By M. MCINTYRE HOOD
Special London (Eng.) Correspondent
For The Daily Courier

LONDON—The Labor party's refusal to co-operate in the work of the Monckton Commission which is to act in an advisory capacity in the drawing up of a constitution for the Central Africa Federation has not been well received by the British press and commentators.

The government has been more than fair in trying to meet with Mr. Gaitskell's wishes regarding this important commission, but after all, it is the government's responsibility, and not that of the opposition, to see that an impartial and non-partisan approach to the Central African problem is maintained.

Mr. Gaitskell's chief objection to the commission's terms of reference is that they do not permit it to recommend that some solution other than federation be contemplated. Mr. Gaitskell would like to have this amended so as to give Nyassaland the opportunity to remain out of the federation. That is exactly what is not wanted. To give that right in the terms of reference would be an open invitation to Nyassaland to reject the whole idea of federation with the Central African states.

In rejecting the Prime Minister's invitation to have Labor representation on the Commission, Mr. Gaitskell has given the impression that he is prepared to make a political football of this important question of the future of Central Africa, and to do it in such a way as to arouse suspicion and distrust in these African territories. That is a dangerous position for him to take, and it certainly will not add anything to his political stature in the United Kingdom.

NO BARGAIN COAL

Although the National Coal

Board has some 36 million tons of unsold coal stacked around the country, there is to be no bargain price sale in an effort to reduce these stocks. That was made clear in a statement in the House of Commons by Richard Wood, the Minister of Power. He put forward the reason that a sale at reduced prices would not add a single ton to the coal consumption of either the industrial or household markets. It would simply move coal from the stockpiles to be immediately replaced by the same amount of coal from current production, and create even greater problems for the future.

Mr. Wood has also rejected the plea by the coal miners union that the government should take measures to restrict the use of oil in industry or to force industry to use coal. These two things formed the crux of the case presented by him by a deputation of miners' representatives. These men said they did not accept contraction in the market for coal as inevitable, but their chief concern was overemployment which might result from the closing of 46 coal pits next year. They were assured by the minister that in conjunction with the department of labor, everything possible would be done to find new employment for any coal miners who might become redundant by the pit closures.

THE OUTER SEVEN

In spite of fears expressed by some segments of British industry, particularly in fishing and paper-making, the "Outer Seven" agreement, bringing into being the European Free Trade Association, has become an accomplished fact. By this agreement the United Kingdom, Austria, Denmark, Norway, Portugal, Sweden and Switzerland will, within 10 years become a free trade area. The first tariff reductions are due to be effective on July 1 next. After that, there will be progressive reductions until all tariffs are abolished.

Mr. Heathcoat Amory, Chancellor of the Exchequer, reporting to the House of Commons on the agreement, made a brave ef-

fort to set at rest the fears of the fishing industry that it would suffer because of the competition of frozen fillets from Norway. He emphasized that should fish imports do any serious damage to Britain's own fishing industry, the agreement provided for the restoration of duties to protect it. And he stressed very strongly that the increased trade which would result from the agreement would bring benefits to the country far in excess of any detrimental effects on any particular industry.

Dr. Per Jacobson, managing director of the International Monetary Fund, in a lecture at the University of London, has forecast an early end to all restrictions on the movement abroad of British capital funds. "If Britain is to hold its position in the world," he said, "it must in my opinion be an extrovert; and that applies both to its commercial and financial arrangements."

TAILORED

A report issued by the London County Council is believed to reflect the improvement in the financial situation of individuals in Britain over the last eight years. This report deals with the issuing of pawnbrokers' licenses. In 1951, 214 such licenses were issued. In the last year, this figure had dropped to 171, and even fewer are being issued this year. This is taken as an unusual sidelight on the increased prosperity during the eight years of Conservative government.

BIBLE BRIEF

God is a Spirit: and they that worship him must worship him in spirit and in truth.—John 4:24.

Much of our worship is vain because it lacks warmth, sincerity and wholehearted commitment of the whole man—spirit, mind and body.

Seek Answer to Problem Of Canada's Older Worker

By JOHN LEBLANC
Canadian Press Staff Writer
OTTAWA (CP)—What is the Canadian employer doing about the older worker?

Labor Minister Starr is seeking some 50,000 answers to the question. When he gets them—or at least a goodly number—Canada may be closer to solving the growing problem of the person over 40 who has trouble finding work.

Mr. Starr is launching his question in letters to between 45,000 and 50,000 employers. So far, some 4,000 have gone out and there have been 1,000 replies.

PLAN EXPERT STUDY
When all the answers are in, the best will be gone over by experts, and then passed back to the employer group as a whole so that each can get the most practical ideas out of the collective thinking.

It will take months. In fact, this concentrated drive to remove the stigma from the older worker could go on for years.

"This is going to be a permanent campaign until we feel we have the problem alleviated substantially," Mr. Starr said in an interview.

There should be an open door and no discrimination on the hiring of people past 40. After all, they did not look to effective, and in good health and qualified

for a job, age should be no barrier," he said.

In his own jurisdiction, Mr. Starr said, National Employment Service sets no age limit in calling for job applicants. If an employer wants only young workers, placement officers try to "counsel" him out of the idea.

"One of these recently succeeded in getting a large Ontario manufacturer to abandon its 35-and-under hiring policy," the minister observed.

The Civil Service Commission, which hires for the federal civil service, now does not specify age in filling vacancies.

"If someone slips, we bring it to their attention right away," Mr. Starr said.

CO-OPERATION URGED
As to how to remove discrimination against the older worker, he thinks it's largely a matter for employers, and for employers and unions working in conjunction.

"I'm doubtful about the value of legislation," he said. The trouble with legislation is enforcing it.

Some of the American states—notably New York—have laws designed to halt age discrimination. Mr. Starr said Canada's labor department experts are studying their operation. So far, they did not look to effective. "It looks as though it's a mat-

OTTAWA REPORT

Where Does Money Go?

By PATRICK NICHOLSON

Where does the money go? I have received a letter from the wife of a post office worker, who points out that her family finds it impossible to make ends meet on pay of \$3,900 a year. Her husband is paid twice each month. After the usual deductions for income tax, hospital insurance and pension contribution, his take-home pay is \$141.

\$40 are put aside for groceries; \$40 to cover taxes, insurance, and utilities; \$10 as payment on a car. Buying necessary clothes, gas for the car and the usual miscellaneous items absorb the balance. The baby bonus on three children helps, but the family is always at its last gasp when the welcome pay day comes around again.

And this is a family which never spends a cent on tobacco or alcohol, never hires a baby sitter, foregoes the pleasures of paid entertainment, and has even slashed contributions to charitable societies to a mere 50 cents a week for a mission.

This budget does not exactly

reek of extravagance and high-living. It closely tallies with the average budget of the average family in an average Ontario city, recently compiled from sample families by the Dominion Bureau of Statistics here.

That average family has an income of \$4,478 a year, or \$36 a week compared to the \$75 a week of the above postal worker, who receives an additional \$5 a week or so in baby bonus.

This year, that family is spending each week \$21 on food; \$19 on housing with heat and light; \$9 on car; \$1 on public transportation; \$8 on clothing; \$3 on smokes and alcohol; \$4 on medical care; \$8 on personal taxes; \$4 on pension contribution, etc.

There is not much extravagance or high living about that budget either.

And yet this is the second most wealthy country in the world. Then where, one might ask, does the money go?

We certainly have a higher material standard of living than the average family in Asia, which has an annual cash income of perhaps \$100 and feasts largely on rice.

But I doubt very much if our average family lives as happily as that of an average skilled worker in Britain today, who earns a niggardly \$45 a week and yet has never had it so good.

In proportion to wages, prices are much lower in Britain than in Canada on many basic items, such as many foods, clothes, textiles and household furnishings. In Britain also, the climate saves a great part of the 16 per cent of our income which our climate costs us.

But perhaps we should look more deeply beneath the surface. Are our costs unduly high? What do tariffs cost the average family? Does distribution needlessly load our prices? Is there, for example, undue multiplication of service stations as the big oil companies battle it out for our trade? Has the wage-price spiral, hustled us into a high-price whirlpool which is becoming a stagnant backwater of international trade?

By DON ATTFIELD

Canadian Press Staff Writer

OTTAWA (CP)—The city of Ottawa is slowly fading in its rating as bingo capital of the world.

Five years ago bingo was a \$500,000-a-year business financing several Ottawa service clubs and attracting 250,000 players annually. Bingo now is about one-quarter that size.

Further deterioration came Thursday with a charge laid against Sam Toller, manager of the Ottawa Auditorium, of operating a common gaming house.

Toller has been operating bingos in the auditorium as a private citizen, paying charitable organizations fixed amounts or percentages of income for use of their name as sponsors.

The action does not directly affect bingos still run by the Ottawa Lions Club, which started the bingo craze in the capital in 1942 with the first of what became weekly and, at times, almost daily "monster nights."

The Klansmen and Richelieu Clubs and the Canadian Legion, which also were sponsoring monster nights at the height of the craze, all have stopped. Rotary and Kiwanis Clubs never got into it.

Dr. Charlotte Whitton, former Ottawa mayor, in the last month has spearheaded a campaign against bingos in her thrice-weekly columns in The Citizen.

An investigation by the Ontario attorney-general's office was launched last month after Dr. Whitton printed an open letter to Attorney-General Kelso Roberts challenging him to either enforce the Criminal Code or legalize commercialized bingo.

The charge against Toller was made out by Crown attorney Raoul Mercier after a personal meeting with Mr. Roberts here Tuesday.

P. D. M.

"30" TO COLUMN
Editor,
Daily Courier.
Dear Sir:

I note the Rev. has called "30". To many of us readers of "Personality Speaking" we shall miss the looked for columns.

To others no doubt they will remark: "What a blessing."

The person did have many good points in his weekly get-off-steamy writings. To many others, he was misunderstood. We hope he may live, so as to be able to see results of his hints for betterment come true.

So, Personally Speaking, It's Amen. . . with regrets.
JAS. BREASLEY.

BYGONE DAYS

10 YEARS AGO
December, 1949
Construction of the David Lloyd-Jones home for elderly people is well under way. The 14 double room structure will cost in the neighborhood of \$67,000, and with favorable weather should be completed by next spring.

Bernard Avenue took on the "new look" today. Under the supervision of City Engineer George Meckling, Christmas tree decorations were erected on the main street, while six sets of colored lights will be turned on during the evening hours.

20 YEARS AGO
December, 1939
During the past year it has been necessary for the Kelowna Hospital Women's Auxiliary to raise \$100 a month in order to maintain an adequate supply of linen for the Kelowna hospital and other expenses. Mrs. H. W. Arbuckle, president, informed one of the postmaster at East Kelowna contained \$15 worth of postage stamps.

30 YEARS AGO
December, 1929
Representatives of baseball, lacrosse, basketball and golf, as well as the Kelowna Fire Brigade gathered at a banquet last week to honor Warren Gayton, who has since left to accept a position at Powell River.

40 YEARS AGO
December, 1919
Blasting operations on the Woods Lake section of the new railway, reminiscent of bombardments, are proceeding apace both day and night. We dare to hope the long-promised line will be through to take next year's crop.

50 YEARS AGO
December, 1909
The post office was robbed in some mysterious way on Sunday night, eight registered letters being taken. The letters were for local residents, and it is known that one for Dr. Keller contained a cheque for \$30, and one for the postmaster at East Kelowna contained \$15 worth of postage stamps.

Glidden and Fie-Gase Paints

DELIVERED RIGHT TO YOUR CONSTRUCTION SITE

You CAN Pour Concrete in the Winter

The addition of Calcium Chloride to your mix will ensure faster setting time. Stronger concrete, less shrinkage, releases forms faster and saves time on the job.

Don't Put Off the Job - Add Calcium Chloride.

Ask for it when you order.

By EDITH WEDDELL
Daily Courier Staff Writer

Fifty years ago, in December, 1909, the Courier published a column headed "The Christmas Trade of our Advertisers." Some of those firms still advertise in the Courier, three of them occupying the same locations as they did fifty years ago. Here is the write-up on one of them:

"Thos. Lawson Ltd. are busy in all the departments of their commodious premises, and the staff have little time to spend in decoration, so constant is the demand for goods. The varied stock of groceries, dry goods and crockery offer a wide scope of choice which is fully taken advantage of by Christmas buyers."

You will not find groceries strewn on the shelves now, but you will find almost everything to wear for the whole family. Starting with the ladies of the family, there are gloves for every occasion, especially attractive are some English suede leather, lambie lined ones in the most beautiful colors of soft blue, pink and chocolate brown; kid, fur-lined gloves; crocheted string gloves with brown leather palms; and for more dressy occasions, a nylon ones in red, blue, white, beige and black.

After the "unusual" weather we have had this year, perhaps umbrellas could be mentioned, and if you decide to break down and acquire one, there are some smart looking ones with hook or straight handles, red, green, pink—plain or striped.

Christmas conjures up pictures of alluring lingerie, for instance, turquoise nylon nighties with scalloped lace trim, and peignoir to match, or blue tricot nightie and matching quilted silk jersey duster. Or if you put com-

N.E. Glenoak Ave., Peoria, Illinois, U.S.A., to Leslie Humphrey of East Peoria, Illinois, U.S.A.

Half a century ago, the small one of the family lined to dabble in mud puddles and roll in snow banks just as much as they do now, but in those days, Mother did not have the boon of "paddle-jumpers," to keep little Johnny from getting the sniffles. These are completely waterproof lightweight nylon pullovers, elasticized at the waist and ankles, and obtainable in navy or red.

For the smallest one there are two-piece infants' pyjamas with matching booties, just as suitable for play time as for sleep time, in pale yellow or pale blue.

There are "Trim Silms," stretchy nylon tights in scarlet or white for the littlest girls of two or three, and black stretchy nylon tights with feet, up to size 11. No longer does Father resign himself to regard Christmas as the time to try and look pleased with the same old ties, pyjamas and socks, now he will be really delighted with a Killspindle, made in Scotland, bulky-knit sweater with crew neck, in hand-some shades of blue, grey or green heather. Or there is another import, an Italian made bulky with Italian neckline, in sage green or black with contrasting band.

The new ties are "out of this world" — Designers' Collection made of Italian and Swiss silks in rich antique golds, browns, bronze and black in the new narrower widths, and smart designs.

In the men's jewellery collection, small treasure chests contain matching cufflinks and stick pin or tie slide. A long-handled clothes brush will help to get at those hard to get at places, and another long-handled (two feet long) chrome and black shoe horn will be appreciated by the gentleman with the more mature figure, or even by one who is just plain lazy and doesn't want to bend down.

The superb handkerchief silk dressing gowns, cherry red or grey background with Paisley design, are something that every man would treasure for many years to come. There are also English pure wool flannel dressing gowns in tartan or plain, or smart cherry red, black and gold striped terry cloth gowns.

Lambie lined English leather gloves will keep the hands warm on the coldest days, and for the sports car crowd there are leather-palmed string gloves — very smart. Finest English cape leather gloves are soft as silk to touch, and some of them really lined with silk.

If you are still looking for inspiration for Christmas gifts for the handsome collection of belts, the glove-tanned cowhide pull-tie, clean and ready for bed. They sang "Away in a Manger" and "Jingle Bells."

The turkey was won by Mrs. John Oliver, and the chicken by A. Perrault.

From the Bazaar the U-Got-Go obtained nearly \$100 which will go towards their community projects, and to the upkeep of their Austrian and Korean children. The Ladies' Auxiliary from the tea and still obtained \$35.00 which will go towards improvements to the Community Hall.

The kitchen of the Community Hall has some sparkling new curtains up. There have been made and donated by Mrs. Freida Hunt, Chute Lake Road.

The December meeting of the Evening Guild of St. Andrew's Church will be held at the home of Mrs. Holtzki on Brookside Ave. on November 28.

The bride-elect was delighted with the variety of gifts. After these had been presented games were played. Winners were Mrs. T. Johnston, Mrs. J. Johnston, Miss M. Loseth, and Mrs. E. Benzer.

At the close of the evening refreshments were served. Miss Farrow is to be married today at St. Paul's United Church to James G. Loseth of Rutland, miles.

UN Woman Deligate From Liberia Has Unforgettable Character

UNITED NATIONS, N.Y. (AP)—The close of the 1959 session. When it came to Angie's, she informed us she would be happy to serve the following year as chairman of the committee. You could have heard a pin drop after that one."

The following year Miss Brooks was elected vice-chairman—only one step from her goal.

Despite her ebullient manner, she is a dedicated crusader for the rights of African peoples. Last year she spearheaded a battle for women's votes in the British North Cameroons. She lost that campaign.

Miss Brooks is fond of pert cocktail hats festooned with sequins, and goes in heavily for costume jewelry. Her dresses usually are of native African fabric in bold patterns, smartly tailored.

Recently Miss Brooks gave a vivid demonstration of the unique place she holds in the estimation of fellow delegates. Arriving late for a session, she found a speaker floor to announce she had just had just wound up. Would he repeat his speech for her edification? This touched off a procedural hassle, but the delegate in question finally raised his hand, he would repeat his remarks, he said resignedly, to keep peace in the family.

During the farcical speeches at the close of the session, she is a dedicated crusader for the rights of African peoples. Last year she spearheaded a battle for women's votes in the British North Cameroons. She lost that campaign.

Christmas Seals' Local Sales Help Province-Wide TB Program

Since residents of Kelowna and district are being asked to contribute to the Christmas Seal sale, it is proper that they should know the purposes for which the money is used. Mrs. A. H. Hooper, chairman of the local seal sale committee said today.

The Kelowna committee is one of 37 regional arms of the B.C. Tuberculosis Society, the province's Christmas Seal organization. The Society's head office is in Vancouver.

Mrs. Hooper said the funds are used for the following purposes:

A year round programme of free chest X-rays and tuberculin testing service throughout the province.

Grants of funds to health units and hospitals for TB programmes.

Rehabilitation for former TB patients.

Public education.

Use of the funds is administered by the Board of Directors of the B.C. TB Society, composed of responsible business and professional men and women. Represented on the board is the Society's Medical Advisory Committee, which includes Dr. Gordon F. Kincade, Director of TB Control for the province, Dr. Stewart Murray, metropolitan officer of health for Vancouver, Dr. G. R. F. Elliot, assistant Provincial Health Officer, Dr. W. S. Barclay, Director of Indian Health Services for B.C. and Dr. Robert Kerr, Professor of Internal Medicine University of British Columbia.

Mrs. Hooper is very pleased with the response to the campaign so far, as donations up to December 3 were \$2,028. She hopes that by Christmas local people will have exceeded last year's total donations to this province-wide drive.

During his travels he sings the praises of Oriental styling.

CAREFUL GROUPS They always use odd numbers. When they come to three, they do the flowers in groups of threes," he explained. "If there are nine flowers in the arrangement, they will be in three groups of three flowers."

"The flowers are carefully selected — one tight bud, one medium bud and one large," he explained. "The bud represents tomorrow, the medium flower today and the large bud yesterday."

The small bud is placed pointing towards heaven, the largest bud is at the base close to the earth and the medium bud is set between.

The bud pointing towards heaven is the heavenly, the bud at the base is the earthly and the one between is in limbo.

"With such an arrangement earth is looking up to man and man is looking up to heaven, and what good would man be if he didn't."

ORIENTAL ART Mr. Hall said 75 per cent of all floral arrangements are Oriental. Although the use of flowers is growing in Canada and the United States, these countries have not reached the point that Europeans have, he said. "In some places in Europe the people wouldn't sit down if there weren't flowers on the table."

If the head of a rose begins drooping it can be easily revived. It droops, he says, because air bubbles are caught in the stem and the water is not passing through to the head of the flower. Lay the flower horizontally in a warm bath of water until the head straightens.

"He sure the water is neither hot nor cold, but just warm."

"If people would just take a few minutes to phone a florist to find out how to care for the flowers they receive the flowers would last much longer," said Mr. Hall.

WINFIELD — Friends and Neighbours of Mr. W. Gelhorn wish him a speedy recovery, he is at present a patient in the Kelowna General Hospital.

FIRST COAL Canada's first regular coal-mining operation started near Glace Bay, N.S., in 1720.

GREAT SEAPORT The harbor at Sydney, Australia, one of the world's great seaports, extends inland for 20 miles.

APPLE TURNOVERS AND APPLE COFFEE CAKE

Fresh Apple Coffee Cake And Turnovers, Ideal Desserts

"Are apple turnovers an American creation?" asked the Chef.

"Yes, as far as I know," I replied. "Years ago they were fried in deep fat instead of baked as today, because the old brick ovens were used only once a week. That is why Colonial homemakers fried or boiled desserts over the open hearth whenever possible."

"Later, when ovens came into common use, apple coffee cake became the rage."

TOMORROW'S DINNER

Tomato Bouillon
Swedish Meat Balls
Buttered Egg Noodles
Peas with Mushrooms
Fresh Apple Turnovers
Cheese
Tea

Coffee Measurements are level; recipes for six.

Fresh Apple Turnovers: Prepare 1 recipe American pie pastry, homemade or from mix.

Peel and cut 4 medium tart cooking apples (1½ lbs.) into ½" dice. Mix with ½ c. sugar, ¼ tsp. salt and 1 tsp. ground cinnamon.

Divide pastry into 6 equal parts. Roll each to ¼" thickness; then cut in circles by inverting saucer on pastry and cutting around it with knife or pastry wheel.

Place 2 rounded tbsp. apple mixture on one side of each circle. Add 1 tsp. butter or margarine.

Fold dough over apples half moon fashion. Seal edges: crimp with fork dipped in flour.

Bake 20-25 min. in hot oven, 400 deg. F., or until apple is tender and pastry browned.

Serve warm or cold. Dust with confectioners' sugar if desired.

Fresh Apple Coffee Cake: Sift into mixing bowl 1½ c. pre-sifted enriched flour, 1½ tsp. double-acting baking powder; ½ tsp. salt and ½ c. sugar. Add ¼ c. shortening.

Chop in with pastry blender to consistency of crumbs.

Beat 1 egg. Combine with 2½ c. milk and 1 tsp. pure vanilla extract. Thoroughly mix into dry ingredients. Turn into well-oiled 8x8" pan.

Peel, core and cut 4 medium not-peeled tart cooking apples (1½ lbs.) into eighths. Brush with

SHAPELY COAT

By VERA WINSTON

Tobacco brown diagonal-weave woolen is used for a coat ready to face the winter. For a change in fur trim, this one sports collar and cuffs of black skunk—a fur lot out of fashion, but making its return together with the other long-hairs. Seaming shapes the top, terminating at the fake pocket flaps above the vertical slit pocket flaps. The coat is semi-fitted in back to give a graceful line.

Our aim is to be worthy of your confidence.

THE WAY I SEE IT

By MARGARET HAINES

This is Safe Driving Week. Men are always saying women are worse drivers than men. But looking at women driving around town it just isn't so, at least in my opinion.

Women are, on the whole, careful drivers. They are more likely to stop at all "stop" signs, don't rush and are not so prone to showing off.

A husband has to get to work on time. He gets up late; rushes through breakfast; dashes out to the car, and tries to make it to work in three minutes flat. Not so his wife. If she is going shopping, or out to visit friends, she is going out with a feeling of pleasure. She is closing the door on the chores. She will dress warmly; saunter out to the car, and drive in a leisurely fashion to her destination.

NO MECHANIC:

If the woman driver sees children on or near the road, she will not rely on her skill at the steering wheel to avoid them, but will slow down and watch their antics with a maternal eye, and perhaps mentally check on prevailing fashions for the under-sixes.

How about the woman as a mechanic? The average woman is not a mechanic, but this is an advantage. If anything goes wrong, she doesn't tinker around with the engine and endanger life and limb with an imperfectly repaired car, but yells for help. The expert, the garage man, does a first class job instead.

How often does the young—or even elderly—male roar past the car with a jubilant expression on his cocky face? The answer to

"A study is being made to determine scientifically the effect of a kiss." Magazine filler. It will doubtless be learned, among other things, that a kiss invariably paralyzes the reasoning ability of the kisser and often of the kisses.

that one is easy. The women may be "fast" in other ways, but surely not on the road.

So, wives, mothers, sisters and aunts no speeding tickets, please.

Ladies Aux. Has Busy Afternoon At Legion Bazaar

A very successful bazaar and tea was held on Saturday, November 28, by the Ladies' Auxiliary to the Canadian Legion, Branch 26.

Christmas gifts were on sale at the knitting and apron booths, and many people patronized the warm, saunter out to the car, and drive in a leisurely fashion to her destination.

Winners of the various articles are as follows: the doll, Mrs. Alice Brown; food hamper, Mrs. Olive Prych; blanket, John Linggar; heating pad, Mrs. Alfred Arrance; Christmas cake, Mrs. O. McClelland; and artificial flowers, Mrs. O. McClelland.

Many thanks to all the branch members and their wives who donated towards this worthwhile effort.

The Board of School Trustees of School District No. 23 (Kelowna)

SCHOOL LOAN BY-LAW REFERENDUM No. 4

Question to be submitted to the owner-electors of School District No. 23 (Kelowna):

"Are you in favour of the Board of School Trustees of School District No. 23 (Kelowna) borrowing money, without further assent of the owner-electors, at any time or from time to time, within three (3) years from December 31, 1959, by the issue and sale of debentures bearing interest at a rate or rates not exceeding six (6) per cent per annum and payable over a period or periods not exceeding twenty years from the date or respective dates thereof, in such principal amounts as the Board may from time to time deem necessary to raise net sums not exceeding in the aggregate Five Hundred Seventy-three Thousand Dollars (\$573,000.00), after payment of discount, commission, brokerage, exchange, and other expenses with respect to such issue or sale, for acquiring and developing school-sites and purchasing, constructing, reconstructing, furnishing, and equipping buildings for school purposes or use in connection therewith and other capital expenditures for school purposes?"

The following in brief and general terms set out substantially the proposed projects and the amount allocated for each, the amount specified as being within Provincial standards and eligible for Provincial grants, and the amount specified as being above Provincial standards and therefore not eligible for Provincial grants and for which the school district pays the full cost:

	Eligible For Provincial Grants	Not Eligible For Provincial Grants	TOTAL
(a) Acquiring and developing school sites:			
Okanagan Mission	\$ 10,000.00	\$Nil	
Junior-Senior High (Glenmore-Benvenuto) Site Development	10,000.00	"	
George Elliott Junior-Senior High	2,000.00	"	\$ 22,000.00
(b) Purchasing, constructing, reconstructing buildings for school purposes or use in connection therewith:			
Junior-Senior High (Glenmore-Benvenuto) Area	340,000.00	"	
Junior High, Kelowna, Internal Reconstruction for Special Rooms	18,000.00	"	
Glenmore Elementary—1 room addition	10,000.00	"	
Martin Avenue Elementary—2 room addition	28,000.00	"	
Okanagan Mission Elementary—2 room school	28,000.00	"	
Conversion to Natural Gas:			
Kelowna Senior High	7,000.00	"	
Kelowna Junior High	10,000.00	"	
Kelowna Elementary	7,000.00	"	
Fire Protection—All Schools	10,000.00	"	
Teacherage—Okanagan Centre	5,000.00	"	446,000.00
(c) Furnishing and equipping buildings for school purposes or use in connection therewith:			
Junior-Senior High (Glenmore-Benvenuto)	45,000.00	"	
Junior High—Kelowna	2,000.00	"	
Glenmore Elementary	1,200.00	"	
Martin Avenue Elementary	2,400.00	"	
Okanagan Mission Elementary	2,400.00	"	
Teacherage—Okanagan Centre	700.00	"	53,700.00
(d) Other capital expenditures for school purposes:			
Plans and Supervision	22,800.00	"	
Contingencies	28,500.00	"	51,300.00
TOTAL ESTIMATES			\$573,000.00

Resolution Passed the 1st day of October, 1959.

Approved by the Minister of Education the 13th day of October, 1959.

Authorized by the Lieutenant-Governor in Council the 14th day of October, 1959.

Received the Assent of the Owner-Electors of the District the _____ day of _____, 19____.

(CORPORATE SEAL)

Chairman of the Board _____

Secretary-Treasurer _____

Take notice that the above is a true copy of Referendum No. 4 upon which the vote of the Electors will be taken at designated Polling Stations as indicated below, on Thursday, December 17th, 1959 from the hours of 8 o'clock a.m. to 8 o'clock p.m. local time.

F. MACKLIN, Secretary-Treasurer,
SCHOOL DISTRICT NO. 23 (KELOWNA).

PUBLIC NOTICE

PUBLIC NOTICE is hereby given that the vote of the Electors of School District No. 23 (Kelowna) in connection with "Referendum No. 4 to raise on behalf of School District No. 23 (Kelowna), the sum of Five Hundred Seventy-three Thousand Dollars (\$573,000.00) for School Purposes" will be taken on Thursday, the 17th day of December, 1959 between the hours of 8 o'clock a.m. and 8 o'clock p.m., local time, and that Frederick Macklin has been appointed Returning Officer to take the votes of the Electors, and such vote will be taken at the following places:

Westbank	George Pringle High School	East Kelowna	School
Ewing's Landing	School	South Kelowna	School

THE CORPORATION OF THE DISTRICT OF PEACHLAND NOTICE OF PUBLIC HEARING ON BY-LAW NO. 248 PEACHLAND ZONING BY-LAW 1959

A public hearing will be held in the Municipal Hall, Peachland, B.C. on December 10th, 1959 at 8 p.m. to consider Peachland Zoning By-Law 1959 (By-Law No. 248).

Said By-Law Number 248 can be inspected at the Municipal Office, Peachland, B.C. at the following times: December 4th, 1959 - 9 a.m. through 9 p.m.

December 7th, 8th, 9th and 10th - 9 a.m. to 12 noon and 1 p.m. to 8 p.m.

All persons who deem themselves affected by the proposed re-zoning shall be afforded an opportunity to be heard. DATED at Peachland, B.C., This 3rd day of December, 1959.

CHESEL R. HAKER, Municipal Clerk.

He indicated more than one mill is under consideration but declined to give details.

"There is no doubt it will be built," he said, "But I cannot say where or when."

Some of the wood supply for a mill would probably come from timber lands flooded by a proposed \$611,000,000 hydro-electric development on the Peace River.

An associated company, Peace River Power Development Company, announced Wednesday it will launch the hydro project as soon as government approval is received.

CHICAGO (AP) - A Canadian livestock breeder, B. H. Bull and Son of Brampton, Ont., Friday won the premier exhibitor and premier breeder awards in Jersey dairy cattle at the International Livestock Exposition.

Individual breeder, Campbell Major Cram, five-year-old bull owned jointly by a formal agreement whereby B. H. Bull and Son and M.R.S. F. A. Schulman of Brampton, Ont., was named grand champion.

OTTAWA (CP) - Russia is trying to persuade the Canadian government to sign a formal agreement for cultural exchanges, officials said Friday. Canadian artists have visited Russia on an individual basis but the government apparently hesitates to sign a formal agreement whereby it would presumably have to pay the cost of such visits.

OTTAWA (AP) - The chief steel industry negotiator has rejected President Eisenhower's call for around-the-clock negotiations.

R. Conrad Cooper, executive vice-president of U. S. Steel, told reporters: "Continuous hours of meetings do not necessarily mean effective collective bargaining. 'I'll schedule meetings as they seem most productive.'"

Opening lead—two of spades. This hand occurred in a team match. Declarer slipped, and went down in three notrump, losing an opportunity to make a fine play.

A spade was led. East won the queen and returned a spade, the jack losing to the ace. Declarer led a club to the king and West made a good defensive move by ducking. West also refused the queen, but took the ace when four hearts were led.

After cashing the spade king, case, the queen and another on which South discarded a diamond, West led the seven of diamonds and declarer won with forced to return his losing spade to dummy's ten.

Pulp Mill Start Seen Early 1961

VANCOUVER (CP) - Construction of a pulp mill complex by Wenner-Gren interests in the Peace River area of northeast British Columbia could start in 1961 if a report shows a pulp industry is economically practical.

Bernard Gore, managing director of Wenner-Gren B.C. Development Company, said a preliminary study shows the industry is feasible.

The company, which represents millionaire Swedish financier Axel Wenner-Gren, will make its decision when a final report is received later this month, Mr. Gore said.

He indicated more than one mill is under consideration but declined to give details.

"There is no doubt it will be built," he said, "But I cannot say where or when."

Some of the wood supply for a mill would probably come from timber lands flooded by a proposed \$611,000,000 hydro-electric development on the Peace River.

An associated company, Peace River Power Development Company, announced Wednesday it will launch the hydro project as soon as government approval is received.

Five Young Hungarians Are Sentenced

MONTREAL (CP) - Five young Hungarians who fled to Canada two armed robberies and Tibor brutal attacks...

after the 1956 revolution were sentenced to a total of more than 30 years in penitentiary for a series of armed robberies.

A term of 20 years was given five accused before passing sentence to Tibor Nagy, 30, who pleaded guilty to 11 armed robberies and one breaking and entering but instead of being grateful you violated our laws. You have acted brutally and savagely. You could have been a good citizen.

Ernoe Savcsik, 20, received eight years for four armed robberies; Steve Masz, six years for and the last for some of your Hungarians who fled to Canada two armed robberies and Tibor brutal attacks...

Papp, 22, three years for one armed robbery. Judge Guy Guibault told the jury: "You were received into the club here at which judo is taught. Eva Welychka, a member of the club, says judo is becoming popular with all women who give it a try."

The poorer credit risk a man is, the madder he is if he receives a dunning letter.

JUDO POPULAR CALGARY (CP) - Ten women belong to the Porcupine Club, one of two clubs here at which judo is taught. Eva Welychka, a member of the club, says judo is becoming popular with all women who give it a try.

Yesterday's Cryptquote: YET MALICE NEVER WAS HIS AIM; HE LASHED THE VICE BUT SPARD THE NAME - SWIFT.

YOUR HOROSCOPE

This is a splendid day for illusions during the past recreation and entertaining. It is a year, due to personal plans which did not mature and a few business plans which went awry, but side, a day of good-will in all directions. Friendship is at its warmest and most rewarding, romance flourishes, and you can feel free to let yourself go a bit and spend a little extra money on social activities.

FOR THE BIRTHDAY If tomorrow is your birthday, you are likely to find the coming year one of unexpected developments which will prove to be only the prelude to many worthwhile enterprises. Good fortune which you have long awaited in many lines will come closer to achievement, as of this month, and even temporary disappointments, such as seemingly unconquerable obstacles to a romance, will eventually resolve themselves.

A child born on this day will be brilliant, dynamic, creative, but inclined to overwork unnecessarily on occasions.

THE DAY AFTER TOMORROW The outlook is excellent for Monday, so it would be a fine time in which to put some of your more ambitious projects to work and to tackle any arduous tasks you may have been postponing.

FOR THE BIRTHDAY If tomorrow is your birthday, you have, as of this week, entered a period wherein you should cast aside all thoughts of past difficulties and face the future with optimism and self-confidence. You may have had some dis-

Financial matters should prosper, as of this month, and, for the balance of the year, you should find personal matters, such as domestic and social interests, unusually stimulating. For the single, romance and courtship will be under most beneficent aspects.

A child born on this day will be endowed with a fine mind, and would make an excellent lawyer, judge or statesman.

COURT ACTION provided excitement Friday night at the high school gymnasium as six high school teams fought close games. At right Frank Carey of Summerland Rockets gets the jump as Summerland team defeated the Kelowna high school team 23-21. Left Marcia Mervin of the Owlettes and Phyllis Young tangle in a game that ended in a score of 23-17 for the Owlettes. In other action the Kelowna "A" boys were downed 49-35 by Summerland.

Gene Fullmer Retains Middleweight Crown

LOGAN, Utah (CP)—Gene Fullmer, a broad-shouldered boxer who preaches religion when he isn't belting somebody around the ring, retained his National Boxing Association world middleweight title Friday night with a 15-round decision over Spider Webb.

It may not have been a sensational battle but it gave the Mormon Sunday School teacher some bargaining power for future fights.

Fullmer has been noted for his bull-like rushes and desire to overpower his opponents. He pulled a switch Friday night. He had strategy.

During the scrap he reacted to code numbers called off by manager Marv Jensen. He fought out of an arms-crossed defence, led with a smashing right to the body or tried the more orthodox left-hand lead.

MOORE NEXT?
Fullmer contemplates stepping

up a rung to challenge venerable light-heavyweight king Archie Moore. Or he might clear the 160-pound picture by fighting Sugar Ray Robinson again if Robinson has any desire for such a bout.

The 157½-pound Webb, from Chicago and a former student at Idaho State College, made the champion appear awkward at times. But Fullmer made up for his awkwardness with solid right-hand belts to the body and also blocked many of the challenger's best shots. Fullmer weighed 159½ pounds.

The three officials, all from Utah, scored under the 10-point must system and all had Fullmer far ahead.

COME OUT HEALTHY
Despite the battering through 15 rounds, neither fighter appeared badly marked at the end and not until the final round did the Ne-

Agase Puts Signature On Argos' Dotted Line

TORONTO (CP)—Lou Agase, whose shoulders appear broad enough to bear the burden, was signed Friday as head coach of Toronto Argonauts.

The 35-year-old line coach of Michigan State University took on a two-year pact to lead the founding football club out of the depths of the Big Four. He is the fourth man in six years to take the job.

The extent of the rebuilding job facing Agase may be seen in the Argos' record over that period. They were third in 1954 and 1955 and entrenched in the basement the last four years with an identical number of wins—four in 14 games.

Managing director Lew Hayman said when Agase, who is taking on his first head coaching position, agreed two years was long enough to show whether Agase could produce a winner.

LIKES PROSPECTS
Agase, six-foot-one and 215 pounds himself, promptly expressed delight after taking his first look at the Toronto negotiation list. They include Gene Gossage of Northwestern (6-4) and other Northwestern player now at six-foot-one and 215 pounds but with prospects of filling out.

Agase will get down to business today with Hayman and among other things will discuss his two assistants. He wants one of these to have at least some experience in Canadian football.

Steve Owen, line coach who took over the top job when Hamp Pool was dropped in mid-season this year, will remain in a capacity to be decided later.

Agase saw his first Canadian play last Saturday when he was the Argos' guest at the Grey Cup game.

He said he will use the favored offence of Duffy Doughty, Michigan State head coach—an unbalanced line and a double-wing T.

WILL TRY DOROW
For Al Dorow, a latecomer to Toronto this year from British Columbia Lions, will be given a chance to win the job again. Agase also hopes to sign one of the three quarters on the Toronto negotiation list.

They are John Talley of Northwestern, Chuck Brady of Baldwin Wallace College and Bob Newman of Washington State.

Agase started his college ball as a tackle at the University of Illinois and played in the 1946 Rose Bowl game. He was assistant coach there from 1950 to 1951.

He coached Michigan State's defence 1955-58. This year was offensive line coach. He is married with two children.

FANS ARE KICKING Much More Footwork In Rugger Now

BED SIMON
Canadian Press Staff Writer
LONDON (CP)—In Canada the old-timers complain that the game has lost its footwork. In British rugger, they're beginning to wonder if the aren't seeing too much of it.

A case in point occurred in Cardiff, when Newport inflicted an unbeaten record by beating the home side 12-8 with all their scoring coming from four penalty goals by Norman Morgan.

Cardiff's points came from a penalty goal and a converted try.

There was no denying the merits of Morgan's feet. His longest shot travelled 65 yards. Another 50-yarder was kicked from a spot just inside the touch line. But it happened on an afternoon when his foot appeared to be the only offensive weapon in Newport's locker.

The question, which is being asked with increasing frequency, involves the wisdom of awarding three points for a penalty goal, often the result of a trifling infraction of the rules, when the same reward comes from crossing the opposing goal line.

The game's critics argue that rugger is becoming an increasingly dull, defensive game, particularly at the international level, with teams content to kick for the touch lines and wait for the windfall of a penalty call within range of their goal-kickers' capabilities. At Twickenham, there hasn't been a try in an international match in three years.

The suggested remedies follow two lines—reduction of the number of offences punishable by the award of a penalty kick and a change in the scoring setup to emphasize the value of a touchdown.

The most popular suggestion for revision of the point-scoring regulations is a step in the direction of North American football, increasing the try from three points to four and reducing the converted try from two to one. The alternative would be to drop the penalty goal in value from three points to two.

The problem of changing the rules on penalty awards is more complex. Rugger is a game with few written regulations and a kickers' great deal of discretion resting with the individual referee. Many officials already make a practice of calling penalties for minor offences only when the ball is well out of range of the goal posts.

FEAR RELAXATION
Rugger experts say a strict official could call a penalty for offside or illegal bodily contact almost every time two players collide. But defenders of the present rules argue that any relaxation of the penalty rule could easily lead to abuses and excessive rough play.

The case for reform is put succinctly by Wilfred Wooller, a former Welsh international and, incidentally, a goal-kicking specialist, who now writes a column for The News Chronicle.

"Legislators should be moulding the hands, not the feet of the growing child," he says.

"Rugby began as a great contest of brain and muscle when players learned to run and pass and one does not want to see it slide backwards into a defensive stalemate dominated by giant

Russians Will Play Here; Canadians Clobber Packers

Kelowna and District Memorial Arena has been chosen as the site for the exhibition game between the Russian Selects and an Okanagan hockey team.

Announcement was made last night by Leo Attwell, president of the B.C. Amateur Hockey Association. The game will be played on January 25 or 27. The Russians will also meet an all-star team in the Western International Hockey League.

At the same time Mr. Attwell said a Japanese hockey team will play four exhibition games in B.C. one of which will be at Kamloops. Both visiting teams will be competing in the Olympics at Squaw Valley, Calif.

Vernon Canadians are virtually assured of being the team to represent the Okanagan, after their one-sided 9-0 victory in the North Okanagan city last night. However, it is understood the team will be bolstered by several other players in the valley loop.

There's a possibility that at least two Packers will be included in the lineup.

Meanwhile one prominent Vernon sports figure expressed himself as "irritated" over Kelowna being chosen as the site for the game. He pointed out Vernon has the largest rink capacity (3,000) against 2,299 in Kelowna.

"If we are to pull the game out of the red, we must strive to have the biggest crowd we can get. It is going to cost a lot of money to bring the Russian team here. It looks as if they are playing one city against the other and after Kelowna's exhibition in Vernon last night, why should it be played anywhere except in Vernon?" he asked.

Earlier it had been decided that the team leading the Okanagan league on Dec. 12 will play against the Russians. The coach will be able to select players from the balance of the league to strengthen his club. The same ruling will apply in Trail.

No ticket price has as yet been set.

FRIDAY FIGHTS

By THE ASSOCIATED PRESS
Logan, Utah — Gene Fullmer, 157½, today traded his title to Spider Webb, 159½, Chicago, 15. (Fullmer retained the NBA world middleweight title)

By THE CANADIAN PRESS
REMEMBER WHEN . . .

Ivan Parke rode five straight winners and a second-place horse at Jefferson Park 36 years ago today, and finished the year as champion jockey with 173 wins in 178 starts. The record for total wins was set by Willie Shoemaker, with 485 wins among 1,683 starts in 1953. Shoemaker was again champion last year with 291 wins.

BOXERS SOUGHT

TORONTO (CP)—A Russian boxing team is being sought to compete against local talent in the annual Newsboys Boxing Show here Feb. 8.

William Bagnato, secretary of the Civil Service Federation, said Friday night he was writing on the matter to the external affairs department on behalf of the committee in charge of the show.

Hockey Faces Possibility Of Folding In Old Country

By ALAN HARVEY
Canadian Press Staff Writer
LONDON (CP)—Britain's hottest hockey town threatened today to quit the National League if it does, the game may be finished in the Old Country.

Benny Lee, manager of Brighton Tigers, said he needs players in the worst possible way and "if I don't get them, I'm going to call it a day."

Withdrawal of Brighton would leave only four clubs to carry on a sport that took root here in 1933. They are Streatham—leading the league—Paisley, Nottingham and Wembley. Even before the season opened last September, there were doubts whether the league would hold together.

THIN ICE
Streatham's last-minute decision to participate saved the day—briefly—but now Brighton is skating on perilously thin ice.

"I started the season with eight players and now I've only got seven," said the 54-year-old Lee, a blunt-spoken Cockney.

He added that the seven, all Canadians, are "mediocre."

Lee said a major problem is that he can afford to pay Canadians only £20 a week. Some hold out for £30, but "I simply can't afford it because Brighton has such a small rink."

The arena in the windblown Sussex resort town, one hour by fast train from London, is 170 by 65 feet. It's called the "goal-keepers' graveyard" because the confined space means a concentrated fire on the netminders.

LOYAL FANS
One consolation is that fans in Brighton are to British hockey what Brooklyn Dodgers rosters used to be to baseball.

"They're the most loyal fans in the world," said Lee in an interview from his home in Hove.

But lately, gates have been falling.

If there are any unemployed players in Canada who will accept \$55 a week, they can help to save the sport—and incidentally get free tickets to all the shows and amusements in the holiday town by the sea.

VERNON (CP)—Cries of "Bring on the Russians" echoed through the hockey arena here Friday night as 1,493 fans watched Vernon Canadians clobber second-placed Kelowna Packers 9-0 to move four points in front in the Okanagan Senior Hockey League race.

The win virtually assured George Agar's squad of representing the OSHL against the Russian Olympic team in January. The B.C. Amateur Hockey Association has decided to award the game to the club leading the league Dec. 12.

Rangers Will Be After Checking Maple Leafs

By THE CANADIAN PRESS
Fresh from humbling Montreal's proud Canadiens, New York Rangers hope to spend the weekend checking the ambitious Toronto Maple Leafs.

Leafs, toughest team to beat in the National Hockey League at the moment, and Rangers clash in a home-and-home series. They meet in Toronto tonight and New York Sunday night.

New York, nine points behind fourth-place Boston, needs a weekend sweep to climb into the playoff race. Leafs will be trying to fill in some of that eight-point gap separating them from Canadiens.

Now that Toronto and New York have stopped Canadianians, it is the Leafs who own the best unbeaten record. It stands at a modest five but Leafs have only lost twice in their last 13 games. Both losses were to Canadiens.

BOWER HELPED
Johnny Bower has been giving the Leafs superlative goaltending over that stretch—and they have needed it. In the 13 games he has allowed only 28 goals and moved close to Montreal since Nov. 1, 1958, are hoping to wipe out the indignity at the Forum tonight.

Canadians are nursing an old affliction: Injury woes. No sooner had right wing Bernie (Boom Boom) Geoffrion rejoined the lineup for Thursday night's loss in Montreal than defence-

man Tom Johnson was sidelined with a shoulder separation. Johnson joined the NHL's all-time scoring leader, Maurice Richard, on the injury list. Jean-Claude Tremblay was called up from Hull-Ottawa Canadiens to replace him.

REINFORCEMENTS
However, coach Toe Blake expected to have defencemen Al-

bert Langlois and Bob Turner back in action.

Bronco Horvath and the rest of the Boston Bruins will be in Detroit this afternoon, where coach Sid Abel expects to have goalie Terry Sawchuk ready and waiting for them. Sawchuk has had to sit out the last three games with leg pains and the Red Wings have fared badly in that time, losing all three games.

Sunday night, besides the Toronto-New York game, Montreal will be at Detroit and Chicago at Boston.

Smoke Eaters Maple Leafs Battle To Tie

NELSON (CP)—Trail Smoke Eaters and Nelson Maple Leafs battled to a 4-4 Western International Hockey League tie here Friday night through two scoreless periods.

The scoring ended late in the second period and the two teams failed to break the deadlock in the third period and 10 minutes of overtime.

Harry Smith, Ernie Secco, Cal Hockley and Gerry Penner scored one each for Trail. Marsh Severyn, Garth Lipsack, Mickey Maglio and Fritz Koehle got singles for Nelson.

Ernie Secco opened the scoring for the Smoke Eaters in the first stanza with a razzle-dazzle passing play for Trail. Marsh Severyn, Nelson's tying marker at the 16-minute mark of the first period was disallowed when referee Harris charged that a whistle had stopped play seconds before Leaf Winger Maglio shot in the goal.

Trail came out for the second stanza with a burst of energy to give the Smoke Eaters a 3-1 edge at the 58 second mark.

Smith, on a pass from Penner, stickhandled past goalie Freno for the goal.

About seven minutes later, Maglio slid a rolling puck from the Trail blue line which dribbled through Seth Martin's skates and whittled Trails' lead to one goal. Lee Hyssop and Lipsack assisted.

Penner scored Trail's last marker of the game at the 10:57 mark. The Leafs retaliated less than one minute later when Kev Conway of Kamloops dug one out from behind the net and Berg rapped it home to end the scoring for the period.

The Vs tied the game for the last time shortly after the intermission when Touzin stepped around a defenceman and fired one home from 25 feet out.

The Chiefs took over again then, knocking in three more with Bristow and Tansley scoring the first two and Evans coming up with his second goal of the night.

With only seconds left, Peacosh scored again to end the scoring. Kamloops outshot the Vs 36-32 and took eight of the 19 penalties.

ROLLINS BOMBARDED
At Winnipeg it was a bad night for Warriors goalie Al Rollins, who faced a barrage of 49 Canucks shots, stopping 43 of them.

The goals went to Eddie Dorohoy, Bruce Carmichael, Grant McNab, Orland Kurtenbach, Ron Hutchinson and Les Cowill.

After an orderly first two periods, with only two penalties, tempers flared in the third. Kurtenbach and Warrior defenceman Ted Green drawing majors for scrapping.

League-leading scorer Bill MacFarland scored three goals to lead Totems to victory at Seattle.

The Seattle team was in the lead throughout—3-1 at the end of the first and 4-2 after the second. The other Totem scorers were Tommy McVie, Marc Bollen and Gerry Leonard while the Spokane goals were contributed by Ron Attwell and Bev Bell.

tracked up his second shutout in four games for Vernon as he turned aside 16 Kelowna shots.

Sherm Blair, Bill Swarbrick, Walt Trentini and Willie Schmidt all scored twice for Vernon with Tom Stecyk adding the single.

Vernon, never in trouble, took a 2-0 lead after the first period, stretched it to 6-0 in the second and banged home three more in the final canto.

Trentini opened the scoring at the 13:08 mark of the first on a power play. Then, with two Vernon pucks in the penalty box, Odie Lowe and Ron Morgan worked the points perfectly for Stecyk to drill low past Art Lavriere from the blueline.

With 1:32 gone in the second, Swarbrick soled in on Lowes service to bang home number three, Sherm Blair taking a drop pass from Trentini and smashing an unsavable fourth one minute later.

Then defenceman Schmidt trig-

gered low to the corner at 14:49, and Blair picked up another at 18:13.

In the final frame Schmidt, Swarbrick and Trentini rifled three more for the Canadians as Packers failed to get an effective offensive going against the close checking hometowners.

Thirteen penalties, nine to Vernon, were handed out by referee Johnny Culos.

Vernon outshot Kelowna 27-16.

Free-For All Erupts Game At Penticton

PENTICTON (CP)—Five players were banished from the game in a free-for-all that erupted as Kamloops Chiefs defeated Penticton Vs 7-5 in an Okanagan Senior Hockey League game here Friday night.

More than 650 fans saw the Vs start strong and take a 2-0 lead in the first period. Kamloops outscored them in the second and counted three of the five goals in the third period to walk off with the win.

Buddy Evans led the Chiefs with two goals while Alf Cadman, Fred Sasakamoose, Larry Berg, Cliff Bristow and Gordon Tanley netted the others. For the Vs it was Walt Peacosh, with two, and Don Slater and Bernie Bathgate, with singles.

Just prior to the outbreak of hostilities the Vs had what would have been the tying goal disallowed after Peacosh slid into the net carrying goalie Don Hamilton, duck and all, into the net.

The trouble broke out midway through the second period when tempers flared up and Ted Le-bodia of Kamloops who leads the league in penalties and playing coach Oral Lavell of the Vs started the donnybrook.

Before it was over nine penalties were assessed, including match penalties to Lavell and Yogi Kraiger of the Vs and Le-bodia and Sasakamoose of the Chiefs.

Slater led off for the Vs at 2:46 of the first followed by a picture goal by Bathgate on a break-away at the nine-minute mark. Kev Conway of Kamloops got a match penalty for throwing his glove at the referee.

Trailing 2-0, the Chiefs came out in the second with a bang, rapping three unanswered goals by Evans, Cadman and Sasakamoose.

There the fight started and both teams played most of the balance of the period with three men and with only two spares on the bench.

Peacosh tied the score when he combined with Bathgate, but the Chiefs moved ahead once more when Cadman dug one out from behind the net and Berg rapped it home to end the scoring for the period.

The Vs tied the game for the last time shortly after the intermission when Touzin stepped around a defenceman and fired one home from 25 feet out.

The Chiefs took over again then, knocking in three more with Bristow and Tansley scoring the first two and Evans coming up with his second goal of the night.

With only seconds left, Peacosh scored again to end the scoring. Kamloops outshot the Vs 36-32 and took eight of the 19 penalties.

Australian Golf Artist Takes Lead In Tourney

MELBOURNE (AP)—Peter Thomson of Australia shot a five-under-par 70 Friday for a four-stroke lead over an international field at the three-quarter point of the \$6,720 Huntingdale Open golf tournament.

Thomson's 54-hole score of 210 put his four strokes ahead of his Canadian Cup teammate, Kel Nagle, who shot a 67 for 214.

The best standing of the overseas players was that of British Ryder Cup captain Dai Rees, who shot a 73 for 221.
